## Questions to think about while doing this activity:

1. How do you think Native artists are impacted by displaying and selling their work in Santa Fe and New Mexico?
2. Are there regulations for Native artists to abide by when selling their works? (hint: look at the Indian Arts and Crafts Act of 1990 <<link - <http://www.iacb.doi.gov/act.html>>> ).
3. How might art collectors impact the lives of Native artists and their communities?
